

## AIMBRY CHESTER

### GRADED SPORTS PONY SOCIETY STALLION

Bay 15 hands (153cm) 1993 British Warmblood Licensed NPS

Sire – Wadacre Chicko Dam – Annika (Rastell)

Stud fee £450 NFFR

**Awarded Certificate of Excellence Sports Pony Society October 2008**

Covering Certificates from National Pony Society or SPSS

This elegant Pink Papered son of BWBS Graded Stallion Wadacre Chicko is a breathtakingly beautiful horse with tremendous paces and an exquisite head. He is short coupled with natural elevation, cadence and outstanding good looks. He gives an overall picture of incredible beauty proving to be a natural performer excelling throughout all stages of his dressage career. He produces quality stock, which are easily trainable with kind temperaments. He has a predominantly bay gene and has never thrown chestnut. Chester retired to stud sound.

Chester is really bred in the purple, his relations include top level international showjumping stallions **Ramiro Z**, **Lady Killer**, **Galanthus**, **Rastell**, **Raimondo**, and the famous olympic mare **Ratina Z** gold medal winner at WEG 1994. **Wadacre Chicko**, was a graded BWBS Stallion and advanced dressage horse by **Atlantus** (who was a legend in his own life time being sire of more graded Stallions and medal winning mares than any other BWBS Stallion). Annika was a BWBS graded Danish warm blood mare dam of the highest priced yearling at the High Performance Sales in 1993. **Rum Moss** is the dam of graded Stallions, top class competition horses including **Asslam** member of the Italian Showjumping team, his pedigree also includes Quorum, sire of three times Grand National Winner **Red Rum**.

He is graded medium and has won 12 times at this level amassing over 250 points and is working at advanced level. September 2002 he came 7<sup>th</sup> in the Medium Final at The National Dressage Championships ridden by event rider Andrea Morris. In 2003, competing with young rider Holly Doyle he was placed in the team events and as an individual at the Addington and Sheepgate Under 21 Championships.

His full brother **Aimbry Cabana** achieved approved status at the AES grading, won young rider gold medals in Ireland, was Elementary National Dressage Champion 1997 and Homebase Dressage champion 1998.

During his career Chester qualified for the four year old Potential International Dressage Horse final at the National Championships, and while competing consistently qualified for the winter and summer semi-finals from novice to medium. He was ranked 5th Summer 2000 and 3rd Winter 2001 Young Dressage Sire Rankings with The British Horse Database.

He is a graded lifetime Sports Pony Stallion and in 2008 he was awarded a certificate of excellence by the SPSS for the most progeny to be registered with them by any SPSS stallion.

Chester is 'The Face' of Baileys Horse Feeds and can be seen on many of their advertising merchandise. In 2009 he achieved nation wide exposure as his portrait now features on the new Baileys Horse Feeds delivery lorries. He also continues to star alongside other End House Stallions in many of Baileys advertising and packaging. He also modelled for Matchmakers advertising Masta and Caldene Rugs and featured in their 2010 Spring/Summer catalogue.

He was also selected as a member of the Supporters Of British Breeding Dressage Quadrille at the Young Riders European Championships opening ceremony held at Hartpury College. Chester shows a huge careful jump over coloured poles, is completely at home across country has hacked out in the heaviest of traffic in the company of mares and other stallions. The only time he was shown in hand as a youngster he qualified for the Royal International Horse Show at Hickstead but due to stud commitments was unable to attend the Championships..

The Combination of Danish warm blood, Holstein and Thoroughbred gives him quality presence and athleticism. He is producing quality stock with fantastic paces. His progeny are from a wide range of mares from 12hh riding ponies to 17hh warm bloods consistently injecting quality, superb temperament and that 'look at me'. To breed top class competition/show horses is one thing but the ability to produce sensible and trainable ponies which can easily be handled and competed by children must be a real testament to this stallions lovely nature. He has consistently produced BEF Futurity Evaluations first premium Youngstock.

In summer 2008 after several years away from competition due to his busy stud commitments he returned triumphant from the Northern Horse show winning the Riding Horse Stallion class, qualifying for both the BSHA National Championships, & the NPS Ottergayle Supreme In Hand Riding Horse Championship, at fifteen years of age this is surely a testament to his soundness, temperament and breeding.

**Chester has proved not only to be a sire of champion competition horses and ponies but also to be a sire of sires.**

*"He is exceptionally good looking with a super temperament and expressive correct paces – a real quality little horse"*

Clive Hallsall List 1 Judge

*"I have been so lucky to have been given the ride on him, and I enjoyed every minute competing him, he is the most fantastic horse and I can't thank End House enough for all their support and for giving me the wonderful opportunity to ride him."*

Holly Doyle
