

About US

Equestrian videos are our speciality, this is because not only have we owned horses all our lives, but for more than twenty years we owned our own stud farm, breeding horses that competed in all spheres of equestrian competition.

Using broadcast quality cameras (Sony VX2000s) we will record your event. We ensure that every important moment is captured and then using our state of the art digital technology we edit it to show it in a format that you will want to return to time after time.

Our web site has many samples of our work that you can view online or download, please visit www.bandmvideos.co.uk and let our work speak for itself.

Equestrian Event Videos For Sale

During the year we attend many equestrian events and produce DVDs of the events which are for sale on our web site.

If you have an equestrian event that you would like videoing please contact us as soon as you can so we can discuss your requirements and look to include your event in our increasingly busy schedule.

Our Promise Your Satisfaction

We pride ourselves on the finished product and will go to great lengths to make sure that the customer is happy with their order. We at B&M Videos pride ourselves in our motto: "You will not put our videos in the cupboard and forget them."

"Thank you for filming my horse at the Arab Horse Championship it was such a special moment and now I can share it with friends and family who couldn't be there"

"Many thanks for the fantastic DVD from CHAPS its obvious that you take time over each one you do, I appreciate that"

"Just a little card to say many thanks for doing such a super job of our daughters video its a wonderful memento"

"A heartfelt thank you for the extraordinary and absolutely beautiful video of my horse competing at Malvern, the footage was fantastic it comes through the pride you take in your work"

"Thank you for the wonderful DVD of my horse competing at the Derby House Dressage Championships we are vastly running out of tissues as we cry every time we watch it"

b&m Videos Equestrian Videographers

Equestrian Events

We come along to the venue where we set up our Trade stand and display two 32in. LCD Screens this gives competitors a chance to come along and view themselves.

Competitors are then given different options in which to order a DVD dependant on what type of event we cover.

Our Souvenir DVDs are very popular and include slow motion music and special effects and will be presented in a personalised case with pictures front and back.

Stud DVDs

A stud video is one of the most valuable marketing tools you could have. What other way can you show the full potential of your stallions. Also we can produce high quality stills from our footage suitable for web, brochure and magazine advertising.

Package includes

Travel to stud. Film stallions plus facilities i.e.: - Fields, stables, foaling boxes etc. State of the art editing and presentation of our footage and footage you may have from other sources (subject to copyright and quality). 50 printed DVD's. A CD with stills taken from the film shoot. This can then be used to create your stud cards and brochures or web site.

Are you a Competition rider looking for sponsorship

A promotional DVD is one of the best ways to demonstrate your talent and the effectiveness of a sponsors support.

Are you Selling Your Horse or Pony

Then let us improve your chances.

Clients that have already used this method have said that it is far better than just sending a picture and in some cases has sold their horse by just seeing it on the DVD. It's a great way for clients to be able to view the horse before travelling many miles.

Using our state of the art editing and presentation techniques we can create a package for you that will help to improve the chances of selling your horse or pony.

If we are filming at an event and you are attending with your horse or pony we can then use the footage from that to create your promotional DVD or we can come to a venue of your choice.

We can create a DVD from your own filming or footage (subject to copyright and quality)
